

# DIE EMOSIEWIEL

OORSPRONKLIK ONTWIKKEL DEUR DR. GLORIA WILLCOX

The background of the slide is a photograph of an iceberg floating in the ocean. The top part of the iceberg is visible above the water, while the much larger part is submerged below the surface. The water is a pale blue-grey color, and the sky is a light, hazy blue. The iceberg's surface is textured with various cracks and ridges.
